## FOREWORD

There are 130 tax-supported libraries in Missouri plus 197 branch libraries. Of these libraries, 11 are regional, 38 county, 4 consolidated and 81 municipal. There are also 32 non-tax libraries in the state.

In this directory you will find a compilation of statistics from public, college and university, special and institutional libraries in Missouri. Reports were received from 129 tax-supported public libraries, 11 non-tax libraries, and 66 academic, 37 special and 22 institutional libraries.

The directory is arranged alphabetically by name of public library with a cross reference by city in which the library is located; branches are listed by the public library; academic libraries by name; special libraries by name; and institutional libraries by name. The index in the back of the directory is arranged alphabetically by library name.

Every effort has been made to assure that the information in the directory is accurate as reported to the State Library by local libraries. No effort has been made to verify information submitted by local librarians. If in some instances certain information does not appear, it is because it was not reported on the statistical form.

Following the library listings is a breakdown of library service in Missouri by county.

Note:

(1) Figures in parenthesis represent the total assessed valuation for the county, taken from Missouri State Tax Commission Report, 1994.

(2) Where a county is a member of a regional library, the State Aid figure is for the individual county of the region.

(3) Where a county is a member of a consolidated library, the State Aid figure is for the total region.

(4) Amounts shown as tax represent a voted tax. This may have been lowered because of legislatively-mandated rollback provisions. Current tax rates in effect are listed under each individual library entry.
